## Press Release

### Genetec opens new office and R&D center in Vienna, Austria

New Austrian office supports company's fast-expanding R&D, regional sales, and support teams.

**VIENNA, Austria, April 23, 2024** — [Genetec Inc.](#) ("Genetec"), a leading technology provider of unified security, public safety, operations, and business intelligence solutions, today announced the opening of a new office and R&D center in the Viertel Zwei urban development in Vienna, Austria.

The fast-growing Vienna-based team represents twenty nationalities and brings a unique mix of engineering talent and different cultures. As the largest Genetec R&D center in Central Europe, the Austrian team will spearhead the development of solutions tailored for the global market aimed at enhancing security and operational efficiency while prioritizing privacy protection.

"The opening of our new Vienna office represents a significant step in our long-term strategy to continue growing our presence in Central Europe," said Cyrille Becker, Managing Director of Genetec EMEA. "Over the past few years, the growth of Genetec in this region has been significant. This fueled our decision to more than double our office space and create a state-of-the-art R&D center that encourages creativity and innovation, while at the same time underscoring our commitment to serving our channel partners, end users, and prospects in the region."

With a vibrant economy, renowned universities, and a diverse international community, Vienna is rapidly becoming one of Europe's most dynamic tech hubs and most desirable places to live. It offers Genetec an ideal location to tap into the rich pool of tech expertise and innovation flourishing within the city and across Central Europe.

The new site is ideally located to support the company's expanding footprint in Central Europe and serve as a hub for the DACH and ECE regions. The new Vienna office will also include customer support, sales, and sales support functions for the region.

Genetec continues to expand its DACH and ECE operations and is actively recruiting talented individuals to join the team throughout the region. For more information about career opportunities, please visit: <https://www.genetec.com/careers>

### About Genetec

Genetec Inc. is a global technology company that has been transforming the physical security industry for over 25 years. The company's portfolio of solutions enables enterprises, governments, and communities around the world to secure people and assets while respecting individual privacy and the demand for operational efficiency.

Based on an open architecture, and built with cybersecurity at their core, Genetec solutions can be implemented on-premises, in the cloud, or in hybrid deployments. The company's flagship products, Genetec Security Center and Genetec Security Center SaaS, unify core physical security functions, such as access control, video surveillance, automatic license plate recognition (ALPR), intrusion detection, communications, and analytics.

Headquartered in Montreal, Canada, Genetec serves its customers via an extensive network of certified channel partners and consultants in over 159 countries. For more information about Genetec, visit: [www.genetec.com](http://www.genetec.com)
